#### **Appendix A - Reporting Requirements**

The RPA operator must immediately notify the allocated WSI representative of any incidents or near misses that occur during RPA operations. These reportable matters include, but are not limited to:

- 1. Death or serious injury involving drone operations.
- 2. Accidents involving RPAs, such as crashes or collisions.
- 3. Serious damage to property.
- 4. Drone equipment failure leading to potential safety risks.
- 5. Near-misses or close encounters with other aircraft.
- 6. Loss of communication with the drone during operations.

Appendix B - RPA Operations Zone Map
